STRATMOOR HILLS FIRE PROTECTION DISTRICT

Master Firefighter Program

Master Your Future

Stratmoor Hills Fire Protection District was established in 1960 with a single mission to provide high quality emergency services to our small and growing community, our citizens, and visitors. Sixty years later our mission remains steadfast, it is why we continue to serve our customers without fail.

As we continue to move in a positive forward direction, Stratmoor Hills Fire is excited to announce the launch of our new Master Firefighter Program. Setting a new standard in the fire service for professional development in El Paso County, Colorado, our members will have a unique opportunity to receive some of the best classroom education from top rated instructors along with hands-on training and real-world experience. Our members are our most valuable asset and they will be recognized, promoted, and celebrated for each classification level achieved.

Mr. Benjamin Franklin is considered to be one of America's most influential founding fathers. His list of accomplishments is impressive, as a Volunteer Firefighter and the founding member of the Union Fire Company in Philadelphia. Mr. Franklin once said, "If you fail to plan, you are planning to fail."

With the Master Firefighter Program at Stratmoor Hills Fire Protection District you have the plan to succeed, the only question is are you ready to serve our community and master your future?

*"If you fail to plan,
you are planning
to fail."*

– Benjamin Franklin
